ELIGIBILITY FOR TRAINING PROVIDERS

AMENDED: 2/8/2018

GENERAL

This policy is intended to govern the Dutchess County Workforce Development Board (DCWDB) in making determinations for the Eligible Training Provider List (ETPL). The purpose of the ETPL is to present a broad and diverse selection of training choices to support employment goals of individuals. Inclusion on the ETPL, in itself, does not guarantee that WIOA funds are available and training providers are not guaranteed referrals. The availability of WIOA funding for enrollment is based on many factors including assessment of an individual's employment needs and customer choice.

TRAINING PROVIDER ELIGIBILITY

Only providers that the State determines to be eligible, as required in WIOA sec. 122, may receive training funds under WIOA title I-B to provide training for participants who enroll in a WIOA-funded program of training services.

Eligible training providers include:

- Post-secondary education institutions;
- Registered Apprenticeship programs;
- Other public or private providers of training, which may include joint labor-management organizations and eligible providers of adult education and literacy activities under title II if such activities are provided in combination with occupational skills training;
- Community Based Organizations (CBOs) or private organizations of demonstrated effectiveness that provide training under contract with the DCWDB.
 - Recognized Apprenticeship programs are included and maintained on the list

Included exceptions:

- On-the-job training; customized training; incumbent worker training, transitional employment or
- If the DCWDB determines that there are insufficient providers or
- There is a training services program with demonstrated effectiveness offered in the region by a community-based or private organization to serve individuals with barriers to employment or
- If the DCWDB determines that it would be appropriate to contract to an institution of higher education or other eligible provider of training services in order to facilitate training for multiple individuals in in-demand industry sectors or occupations and such contract does not limit customer choice or
- When the DCWDB provides training services through a pay-for-performance contract.

DEFINITION OF TRAINING SERVICES

Courses or classes, or a structured regimen that leads to a recognized post-secondary credential, secondary school diploma or its equivalent, employment, or measurable skill gains toward such a credential or employment. Training services could be delivered in person, on-line, or in a blended approach. Training has to match an employer need based on the current Demand Occupation list.

EQUAL OPPORTUNITY AND NONDISCRIMINATION

Eligible training providers are subject to the equal opportunity and nondiscrimination requirements contained in Section 188 of WIOA.

PAYMENT POLICY

Where WIOA funded students are awarded financial aid, the training agency must apply the aid toward the tuition before applying WIOA funds. When financial aid is received after an ITA has been executed the Training Provider is obligated according to section 663.320 (c) of the Federal Register to reimburse the WIOA program.

REQUIREMENTS:

- The student completes the offering or offerings as defined by the ITA and the Training Provider submits invoices to the appropriate agency for the payment of tuition, fees and or books with all receipts and attendance records or the student withdraws or
- Drops out before completing the offering offerings as defined by the ITA in it’s entirety and the Training Provider submits invoices to the appropriate agency for the payment of tuition, fees and or books with all receipts and attendance records up to the last day of student enrollment. In the case where a student withdraws or drops out before completing the offering or offerings as defined by the ITA the DCWIB will reimburse the Training Provider in accordance with the reimbursement policy on file.
